#### **“Human Resource Management in Indian Railways – Future Road Map using IT and Other Technologies”**

National Academy of Indian Railways (NAIR) organized a national level seminar on **“Human Resource Management in Indian Railways – Future Road Map using IT and Other Technologies”** on August 4, 2017 in Vadodara, Gujarat. The one-day seminar was attended by senior functionaries of the Indian Railways, the Ministry of Human Resources, various other organisations as well as academicians, officers and experts from several other reputed institutions such as M/s Deloitte, TCS and CRIS.

The focus of the seminar was on existing status and the future of Human Resource Management (HRM) in the Indian Railways and other organisations in India. Opportunities and challenges while using various IT applications in the field of HRM were also discussed. Success stories of Railways and Other organisations in the field of Human Resource Management were shared by the speakers.
